

RELAX!

You don't need to worry about how your daughter will celebrate her birthday while she's away from home...

We're here to help! Even though your daughter may be miles away from her home, she can enjoy the homemade look and taste of a cake fresh out of the kitchen.

Based on your order, the members of P.E.O. Chapter DW will make, bake, and take a homemade birthday cake to your Cottey student. For \$15.00, you choose either a 9 x 13 inch rectangular cake, or an angel food cake to be delivered to your daughter's residence hall on or near her birthday.

There is something undeniably appetizing about a cake baked at home because a homemade birthday cake can express love in a way that nothing else can. We welcome the chance to help you express your love AND we'll give you an opportunity to relax at the same time!
